

Don't Take Shortcuts – Keep to Cleared Walkways

Creating your own pathway into work may save you a few seconds, but you could be risking a lot more if you slip and fall on an untreated surface. When wintry precipitation is present, always follow cleared and treated paths to help ensure safe entry and exit to and from your work.

Be sure to visit our WalkSafe campaign at UnitedHeartland.com/walksafe for more information throughout the winter season.

By planning and preparing now, you'll be well on your way to keeping your workplace safer all winter long.
