

# Is Your Health Care Organization Ready for Winter Weather?

United Heartland encourages all of our health care customers to think about how best to prepare for winter weather. There are a variety of things to think about, including:

- Having a plan in place when off-premise work is necessary
- Maintaining a supply of salt and other ice melters
- Using proper footwear for winter travel
- Being ready for inclement weather

Be sure to visit our WalkSafe campaign at [UnitedHeartland.com/walksafe](http://UnitedHeartland.com/walksafe) for more information on these topics throughout the season.

**By planning and preparing now,  
you'll be well on your way to keeping employees safer all winter long.**
