

# Keep Your Business Safe from Violent Crime

Don't make it convenient for criminals to target your employees. Take these steps to improve the safety of your workplace:

- Have multiple employees on duty during high-risk periods.
- Add mirrors to eliminate blind spots in the store and around doors.
- Install a panic button that automatically calls for help.
- Have cashier areas visible from outside the store.
- Don't keep more cash on hand than is needed to do business.
- Work with local police to give employees and guests more security.
