

Serve Employees Best By Keeping Them Safe

As a restaurant owner, the best service you can provide is keeping your employees safe from violent crime.

- Be aware of customers or other strangers — if anyone makes you uncomfortable, inform security or management immediately.
- Identify at least two exit routes from each room, if possible, and be able to find them in the dark.
- Use caution with deliveries and pickups — anyone making a delivery to your workplace should be properly identified.
- Have multiple employees on duty during high-risk periods (typically 11 p.m. to 5 a.m.).
- Don't keep more cash on hand than is needed to do business.
- Install drop safes and have signs in obvious places that say drop safes are used.
- Work with local police to give employees and guests more security.

These tips could save a life. Visit us at **UnitedHeartland.com** for more safety resources for your business.
